WE STILL NEED SOME VOLUNTEER HELP

We are still looking for someone to replace Pamela as Catering Coordinator.

Reckon you could do it as well? Why not give it a go!

And next financial year when the Butter Factory restoration begins, lots of working positions from gardening to painting at the Factory!

WHERE ARE WE AT?

Well, we're still waiting for the final development approval from Heritage SA and the Alexandrina Council. Until we receive those approvals, we can't begin the restoration of the Butter Factory.

Because we have been unable to begin the restoration process, nothing seems to have changed over the past months. Many of our Milang residents have begun to wonder if the restoration will ever actually go ahead.

It has been a long time since we lodged our applications. But, during that time, the Steering Committee has been working away behind the scenes developing more detailed business and other plans for the actual restoration process once we begin. Where do we place the car parking? How many places do we need? What will be the needs for new plumbing and electrical systems? And we've also prepared and lodged several Grant Applications for ongoing funding.

At the end of last year we received a Government Grant of \$150,000 – it's already been deposited in our bank account! We also have promised donations of over \$140,000 worth of materials and labour once the restoration begins.

The Fundraising Committee has also spent hours devising, organising and running activities; the sales of labelled biros, flashlights, MLBF caps, tops and other items, regular Bingo games at MOSHCC, and a monthly Market at the Institute on the second Saturday of the month from 10.00 am to 3.00 pm. These and other activities have provided the funding to cover the on-going costs of preparing applications and work on the inside repair of the cottage.

We have recently been told in discussions with the Council that the restoration project will soon receive final approval. We believe that a great deal of activity will begin in the new financial year.

If you haven't seen the detailed plans or spoken with a Committee member, come down to the monthly Market and have a look and a chat over a coffee.

**WOULD YOU BE INTERESTED IN THIS POSITION?
or
DO YOU KNOW SOMEONE WHO MIGHT BE?**

Because we have been told that final approvals for the Milang Lakeside Butter Factory (MLBF) restoration are not far away, the MLBF Committee decided at its last meeting to advertise for and contract a Project Manager to oversee the restoration work. Discussions have already shown some interest from builders.

A Position Description and Contract details are currently being prepared.

These will involve presentation of a monthly report and milestone payments against the contracted framework. Applicants can't be an existing staff member of the Milang & District Community Association (MADCA) as the final decision will rest with the MADCA Board.

Detailed advertisements will be published and circulated once final approvals have been received. We expect that this position will most likely begin in the new financial year.

**So, if you, or someone you know, are interested, let us know by contacting

HAVE YOU BEEN TO THE MONTHLY MARKET YET?

**The second Saturday of each month
from 10.00 am – 3.00 pm
at the Institute**

There are lots of stalls with all the usual things – books, clothing, 2nd hand items home produce, raffles and plants.

But there are also a range of crafts including Spinning and Weaving, Jewellery Timber items from bowls to biros and you can watch Cedric Varcoe painting his great aboriginal art. And we have a stall with a range of new, useful electrical gadgets!

Live music all day and the best “Sausage Sizzle with Burgers, Eggs & Salads” and cakes you’re ever likely to see elsewhere.

So if you haven’t made it yet,
Come along!
